It was a fearful night on the coast of Uuba, for a torundo lind swept along the sea and shore with relentless fury, leaving death and destruction in its merciless path.

Aud yet, though sheltered by the orestelnd point of land jutting out roin the maioland, a smoll vessel was getting reedy to leave the quiet

he commander of the vessel was beeause at the peck the lons star flag of the struggling Cubans flattered in the reeze, and santence wes most severe pon these found serving beneath its

The little vessel, once a New York yacht, had run into the Cuba coast after dark, beering arms, ammunition, stores, and a lew good mee and true for the patriot army of Cespedes in the

nountaina. to the charge, of the unfortunale Delivente tell my friends how I died," saw a alender form before him-a General Rynn, her American com- and the young Cuban grasped the anaiden with a face of exquisite beaumaoder determined to pot to sen in American's hand, and stood ready to ty. the face of the storm, for he knew that seize the ropes to be thrown to him.

death by the garrote or rille. "Stand ready to make snil! The of the steamer, from which ropes were his neck. storm will be more merciful than the skillfally thrown, and advoitly grasp-Spaniards," called ont the yacht's ed by the Cuban, who, with a goodraptain; and the crew of half a dozen bys on his lips to his shipmates, men and two junior officers sprong to clambered over the sides of the Span obey, when to their cars came the ish vessel, while the yacht bounded deep, boom of a gue.

thunder, for its muttorings were United States. heard away to lamlward.

Could another Cuban craft be run-Spaniard in chase?

"No, they are Cuban pilets, and h must be a Spenish man-of-war that

eeils them.' "It seems a pity to see them wreckail: even if they, are, our enemies Hark! How pleading are those gans!

uswered the American. "Enemies though they be, thay shall not die, for I will save them!" "You, Enrique Delmonte?"

"Yes, my esptsin, for, as you koo ny boyhood's home is near by, and I know these waters well. Will you put me on bourd, for you are going t sea?" said the noble young Cuban.

elt is a fearful risk for you to ma, Delpionte; you are already under a sentence of dentli, and--"

"I will die in a good cause. Come let us lose no time, for leon the sound of those guns, the vessel is drifting ic rapldly."

The American captain offered, argument further, and the auchor was raised, the sails, reefed down, were et, and the little yacht sped like a large white bird away from its safe nest to battle with the will waters and winds beyond.

It took the united strength of the Captain and Enrique Delmonte, who noted as a pilot, to hold the yacht on har course, for the seas washed over her decks in torrents, and she staggered fearfully beneuth the rude shocks of the waves.

At length the channel was salely passed through, and the open waters cached; then, not half a mile away, came the vivid red llash of a gun, and the deep boom rolled across the wa-

"It is a large vessel, and evidently steamer from the light rig the gun's fash showed," said the Captalu.

"I know that vessel well, Captain, for three years of my service in the Spanish navy was passed on her decks, and I would rather lose my life than see her go down."

Enrique Delmonte spoke with great carnestness, and the American felt that he had some deep cause for wishing to save the vessel. He knew that his father was a Spaniard and his nother a Cubany and thint, he lad been reared in the navy of Spain,

and accidentally so arixed up that they

stitutionalist; Stuart, of the Winchester Democrat: Logan and O'Sullivan, of the Courier Journal, have all signiafter he thought of his Martha, he wrote us to let the other beys know that he was not in the ring. He informs us, however, that he will be on hand, to set 'em up to the lucky mau. - B G. Gazette.

GETTYSBURG.

Getrestone, Pr. July 23d, 1881. Mn. Entron: "Thinking you would like to hear something from the old in Keystone State," I take the liberty of Addressing you n few lines. Leaving the mere children in it the more dogs Williamsport (a beautiful city of some it should have; for it deesn't cest much 20,000 intrabitants, situated on the west bank of the Sasquelmana) on the 8:20 A. M. train and travelling down the beautiful and tertilo valley of this

stream, we reached this place, after a shert delay at Harrisburg, about 6 p.

u. At this season of the year Gettyslung is througed with visitors from
all paris to ubtain a view of its tar
tanued battle field. It is a sesson of

general reforcing among the old all have four legs each. But every soldiers of flie Army of the Potomae.

They gather ha from all directions and enter regular camp life. Their en. sions only in cases of emergency—campment is on Cemetery Hill, and when some other dog rans him away they have tents enough to accommo-plate upwards of a thousand men. Here before their tent doors, in the reserve leg and wishes cool of the evening, these old veterans more of the same kind. A muzzle over a dog's mouth acts as gather to sing their songs, tell their a suspender to his pants."—[Com-stories and light their lattles over,

while the brass bands, with the boom. A acighbor of ours had in dog that ing of cantons for an accempaniment, barked all the bark off the trees in the The hog may not know the Multir lication table, but when it comes to square root he is at home—Breckenridge News.

They say everything is for some
good purpose. You can't get n mule
to fail, it having a gondation of 3,000.

It is situated in the valley between Seminary Itidge and Cometery Hill.
Everything is ohi etyle and the buildings look galle antiquated. On Comings look ordic antiquated. On Cemetery Hill, Including some twenty or

According to Dr. Talmage modern young ladies are not the daughters of heat and Hank, but of Hem and Eham,—[Evansville Journel.]

The Ladienandia Hank of Chili.—[Ex.]

Center of the main gate is in the brouze statuo of Gen. Reynolds, who fell in the first-thy's fight on Semi-colossal size, mounted on a perfectal of granite. He is alressed in tall uniform, with brother Gillie, the one who is silly, is down in South America, and is is quite Chili.—[Ex.]

The Ladienandia Hank operation, required to the granter of the ground, is the National America of the ground, is the National America of the ground is the National America of the ground is the National America of the ground is the National of the ground is the properties of the ground is the ground is the properties of the ground is the ground center of the ground, is the National Monument. It is of light gray granite, wreath and clasping in her left the The faintly dog goes mad some-victorious sword. Four buttresses times. Recken the reason is he sees project from the nugles of the pedestul, supporting four allegarical figures, representing War, History, Peaco and Plenty. The dead of each state are burled to themselves. The ununber of hodies burled in the cemetery is 3.564, the majority of whom were N. Y. and Ponnsylvania soldiers. The tertifications remain just as they were

Coakling.—[Glasgow Times.

After all, this thing of clipping conscipated; the serssor handles make water histers on the thumb and forowater histers on the thumb and forowith graves contract of the right hand. Ditterwith grass serve as scats and a resting place for visitors. These knetis under the seothing administration of peace present a striking contrast to the man-ner in which they were used during

precipitons, and havo-besides their natural fortifications of limestone bomblers, which jut out from their sides as high as a ann's head from sides as high as a man's head from any other kind of days.

Sides as high as a man's head from the area of the sound in the man and the trong their entire erest. After the wing these formidable positions, so does every laodest woman. There a too confemaled much see in it to the too the head of the sound in the first that they should not be allowed to realize the feet that they should not be allowed to realize the feet that they should not be allowed to realize the feet that they should not be allowed to loading blackgnards on the beach,—
Breckenridge News.

Man is a queer animal, even when were once the scene of carnage and Man is a queer annual, even when taken at his best. When any one allowed to his marblo brow he swells and struts with pride, but let ona refer to his wooden head and then there's a fight or a foot-race. Breekenridge News: The astronomera were mustaken about the conset splitting in two. The dark line they saw was the scaffold of a Yankes advertising agent, who was engaged in painting the legand. "St. Jacob's Oii," on its tail.—

[Breekearidge News.

An ass and an ox that had long to the visitor as a theme for an endications, and imbues him with the feel-dark line they saw was the scaffold of a Yankes advertising agent, who was engaged in painting the legand, "St. Jacob's Oii," on its tail.—

[Breekearidge News.

An ass and an ox that had long worked together had a falling ont over the division of the hay given to the former by the naster. The ox was numbling to make any compressed in the local interest, saying to the ass: "Ot the blood of thereos, is sacred; but no part of the licid impressed the writer with such naw and reverence as the partake." At this the ness became

part of the field inpressed the writer with such and of this given to me you cannot get the field inpressed the writer with such awo and reverence as the getty sloping ground between Centre is the title of a poem by Will, Carleson. Were it the exchanation of the poet's mother, we date say a restling ground between Centre is the title of a poem by Will, Carleson. Were it the exchanation of the poet's mother, we date say a restling from the poet's mother, we date say a restling to last grand-arct of that eventful drama, where the gallant eventful

Chronicle.

"Ho for Monland!" exclains the Brockton Gazette. Yes; and it's hoe after you reach Montana till you serape catual money together to get away to some other country whore the climale is not North Polo one half the year and Hales t'other half.—[Brecken-ridge News.]

An Owensboro girl, a Miss Mills, is daily endangering her life by wearing tight shoes. Her last incasure was from heel to toe sixteen and a half inchea, across the lastep six and a quarter for their for that effice, An effort will be nade to secure a photograph of one of her west, the holes of the sone contrades, said:

"Ho for Monland!" exclains the ment nor monument to mark their last health who had heard the causes leading to the trouble, esponsed to stable, who had heard the causes leading to the their lives upon the ment of those horoes, who offered their lives upon the forty building life as a sable, who had heard the causes leading to the stable, who had heard the causes leading to the stable, who had heard the cause leading to the trouble, spoused the side, who had heard the cause leading to the trouble, who had heard the cause leading to the stable, who had heard the cause leading to the stable, who had heard the cause leading to the stable, who had heard the cause leading to the their lives upon the fless the population of the same as a corporated the first favorable of the ass, and at the first favorable of the same as a corporation to each ment of the same as a corporation. This cell of the same and the first favorable of the same as a corporation. The calculation of the building ho walched the building how he building how he building how here of the building how here of the building how here of the same and a far the first favorable of the same and the first favorable to secure a photograph of one of her shoes for the Fall Exposition.—[Dan O'Snillvan?

The Padneah Nsws can't foel anyhedy with that story of two babies born to two sisters at the same time, and seedientelly so arized by the same time, with relic-hunters. One man vestor. with relic-hunters. One man yoster-day found a Silver spur in a pertect and accidentally so affect in that they can't tell which from t'ether. It is getting to be dangerous to put that old ling to be dangerous to put that old l'mafore gag directly, and we recognized to a Confederate officer as it was supposed to be that of a Confederate officer as it was supposed to be concerned to be considered to the considered to be considered t

I'mafore gag directly, and we recognize a subtle and aly presentation of Pinafore in this story of a nurse who saw on Culp's Hilli breaking off a 'mixed these babies up so not a creature knew it,' It wen't werk.—
[Nashville American.

Meachan, of the Sonth Keatnekina; Woodson of the Greenville Echo: Craildeck, of the Paris Trno Keatnekian; Holland, of the Eminence Censtitutionalist; Stuart, of the Winchesone inlie west of the town (Gettys-burg). The band went over the ethfied their intention of contending for the premium offered for the handsoment single man in attendance at the Fair.
